

# WHAT IS FCA?

The Fellowship of Christian Athletes is a non-denominational organization influencing students, athletes and coaches throughout Arkansas. Christ-centered and Bible-based, the FCA movement reaches thousands of junior high, high school and college athletes and students through campus-based Huddle groups. FCA continues to make a difference in the lives of our future leaders.

“Fellowship of Christian Athletes” has provided me a platform to speak all across the United States where I could express that the blueprint of my life has been faith in God and the belief in Jesus Christ as my Lord and Savior. God has the #1 claim on my life — God’s business is my business.”

*Frank Broyles*
